Hollywood actor Charlie Sheen had earned a notorious reputation for participating in drug-crazed parties and drunken orgies with prostitutes and porn stars. He even got fired from the TV show Two and a Half Men for refusing to reform his behavior.

The actor further implicated himself in embarrassing gaffes by befriending conspiracy theory radio host, Alex Jones, to declare publicly that he is a so-called warlock.

Hence, it comes as a surprise that Charlie Sheen has taken legal action against a strip club for mocking his party-going lifestyle. According to the Houston Chronicle, "Charlie Sheen takes action against NYC strip club. A New York City strip club removed a room dedicated to Charlie Sheen after the actor threatened legal action. The room at Cheetahs gave patrons the opportunity to eat sushi off the strippers while surrounded by pictures of a smiling Sheen. The self-proclaimed warlock said the room was threatening his reputation. Patrick Jones looks at the obvious irony."
